CALICO PIE · BIRRELL JONES PRODUCTIONS · SCREENING LICENSE

Fundraiser Screening License

One screening, with admission allowed, for a registered 501(c)(3).

WORK	**Suzanne Birrell's Preposterously Peculiar Picture Show of Nonsense** ("Calico Pie"): ten animated films of Edward Lear's nonsense poems, about 45 minutes in all, together with Suzanne Birrell's on-camera introductions where supplied.
LICENSEE	The 501(c)(3) organization named, with its EIN, when the screening was booked ("you"). The EIN is checked against IRS records before payment.
FEE	$25, paid once when booking.
SCREENING	One public screening, on the date booked, at one venue in the United States.
ACCESS	A screening key for the online screening player, valid for 48 hours: from the day before the screening date until the morning after it.
FUNDRAISER CODE	Your own code. 20% of every Season Pass or files purchase made with it goes to you.

1. **What you may do.** You may show the Work once, in person, to a live audience, on the booked date at one venue, using the screening player and your screening key. You may charge admission, sell tickets, take donations and sell refreshments, and you keep all of that money.
2. **Also allowed.** Running a test the day before. Pausing between films for a talk, a reading or an intermission. Using the Calico Pie name, the film titles, stills and posters published on calicopie.com, and your fundraiser code to promote the screening. Please credit the screening in your program, flyer or event page: "Presented by arrangement with Birrell Jones Productions · calicopie.com".
3. **Not allowed.** Recording, copying, downloading or screen-capturing any part of the Work; streaming, livestreaming or broadcasting it; uploading it anywhere; editing it; showing it more than once or on another date; or sharing the screening key beyond the people running the screening.
4. **Your fundraiser code.** The code works from the day before your screening through the 30th day after it. For each Season Pass ($9.95) or files ($14.95) purchase made with it on calicopie.com, we pay you 20% of the price paid. Purchases that are refunded or reversed earn nothing. The code never changes what buyers pay, and it must not be presented as a discount. We pay about 30 days after the code ends, by check or bank transfer, with a statement of the sales. We will ask for a W-9 before the first payment.
5. **Showing it again.** For another screening, book another date. If you buy a Single Site license within 90 days of your screening, we will credit the $25 toward it; contact us to arrange that.
6. **Ownership.** Lear's verse is in the public domain. The films, the music, the recordings, the artwork and the Calico Pie name belong to their owners, and every right not granted here is reserved. This license does not transfer ownership of anything.
7. **If something goes wrong on our side.** If our service fails and the Work cannot be shown as licensed, we will make it right by rebooking or refunding the fee. Otherwise the Work is provided as it is, and our total responsibility under this license is limited to the fee you paid.
8. **Ending the license.** The license ends automatically if its terms are broken. You may not transfer or sublicense it.
9. **Law.** This license is governed by the laws of the State of New Mexico.

By paying the fee, the person acting for the organization named above confirms they are authorized to accept this license on its behalf, and accepts it.

Licensor: Birrell Jones Productions, Chimayó, New Mexico, on behalf of the owners of the films, music and recordings ("we"). Questions: birrelljones.productions/contact.html · calicopie.com/screenings. Version 1.1 · October 1, 2026.
